Year 4
IPC Unit
Footprints from the past

History: We will look at different types of dinosaurs using classification skills. We will also look at fossils and how they were formed.

Computing: We will continue to develop our computational skills and problem solving skills in Computing. We will also be doing some work in Scratch by designing our own interactive toy.

Black History Month: During Black History Month we will focus our learning on famous British Black People and their importance to the society. We will study Malorie Blackman a British Children's Laureate.

Other subjects: In RE we will be studying Judaism throughout the term. We will then learn about Christianity and focus on The Christmas Story.

In PHSE, we are learning about Celebrating Differences, through discussion and team building activities through Oracy.

ART: We will link our art to our IPC topic and produce art inspired by dinosaurs. Including 3D fossils using clay.

Language of the term: Spanish
