Environmental impact upon plants and animals.

SpringTerm 1
2019

YEAR 6

CURRICULUM INFORMATION

OTHER SUBJECT: In RE, we will continue to learn about the religions our friends worship and through Christianity we will focus on Easter. We will also cover PHSE, learning about Celebrating Differences, through discussion and activities.

ART/DT: Each week we will complete a COD lesson, building our sketching skills through close observational drawing of an object. We will link our art and DT to our IPC topic, recording work through creative ways using art skills.

Computing Project: We will research and retrieve information to answer questions and provide knowledge about our topic.

IPC - China

During IPC we will examine the Shang Dynasty. The children will research the hierarchy and religion. Along with the significance of the Oracle Bones and Lady Fu Hao's Tomb.

INTERNATIONAL: All the Year 6 classes will continue to progress through skills in Spanish.

IPC - China

During IPC we will examine the Shang Dynasty. The children will research the hierarchy and religion of the Shang Dynasty. Along with the significance of the Oracle Bones and Lady Fu Hao's Tomb.

MATHS: Engaging through Inspire maths, we will continue our journey of learning skills, consolidate knowledge and re-visit any skills to embed further knowledge where gaps have been identified.

ENGLISH: We will be focusing on story writing, breaking a story down into the different elements, then focusing and working on the different sections within these elements to embed the format to writing a story.

The children will work together to support each other and share their skills to then work independently in writing their own story.

Science: Everything changes.

Environmental impact upon plants and animals.

COMPUTING PROJECT: We will research and retrieve information to answer questions and provide knowledge about our topic.
