

# Eastbury Primary School

## **Thank You Year 5 and 6**

A huge thank you to all the parents and children who supported us yesterday. Your child's class teacher will be contacting you to explain what we have put into place for learning at home.

## **Hands, Face, Space.**

Thank you to all our parents that are wearing face coverings; by working together to support each other's safety we can really make a difference.

## **New Nursery Entrance**

We have a brand new Nursery entrance with a play house, mud kitchen, giant sand pit, stage and cycle track for our youngest learners. A new gate will be fitted this week and the children will then be able to use this new outdoor area. I can't wait to see the children enjoying this space and developing a whole range of new skills.

## **New Outdoor Theatre**

We have had a new stage installed in one of the inner quad areas. The children have already started to perform on the stage and explore new characters and stories. We hope to be able to invite parents into school to watch the children's performances, when it is safe to do so.

**Year 6 have been working really hard in science this week to classify living things.**

**Children's Return to learning**

All the children have come back to school ready and eager to learn. Their behaviour has been amazing across the school. We can all see that they have really missed their friends and teachers, and are trying their very best.

**After School Lessons**

We are offering after school lessons for as many children as possible. Your child's class teacher would have contacted you last week via Class Dojo children offering your child a place. To give them the best possible chance of catching up on all the learning they have missed, please make sure your child attends.

**Supporting the NHS - 1<sup>st</sup> October**

The schools catering team will be celebrating the NHS on the 1<sup>st</sup> October. There will be especial menu and we would encourage as many children as possible to have a school dinner on that day to join the celebrations.

**Maths Day**

On Friday 16th October will be Maths Day. This will be a celebration of maths and we would like all the children to come to school dressed in all things mathematical. This is great day for children to learn and discover new ideas and knowledge. I hope you have fun with your children designing their outfits for the day.

**Term Dates**

**October**

Wednesday 1<sup>st</sup> – Special School Menu

Friday 16<sup>th</sup> – Maths Day

Friday 23<sup>rd</sup> - School Closed

Monday 26<sup>th</sup> – Friday 30<sup>th</sup> October Half Term Holiday
