Welcome back to School

Welcome back to another year of learning, growing, fun and laughter and celebrating our wonderful pupils.

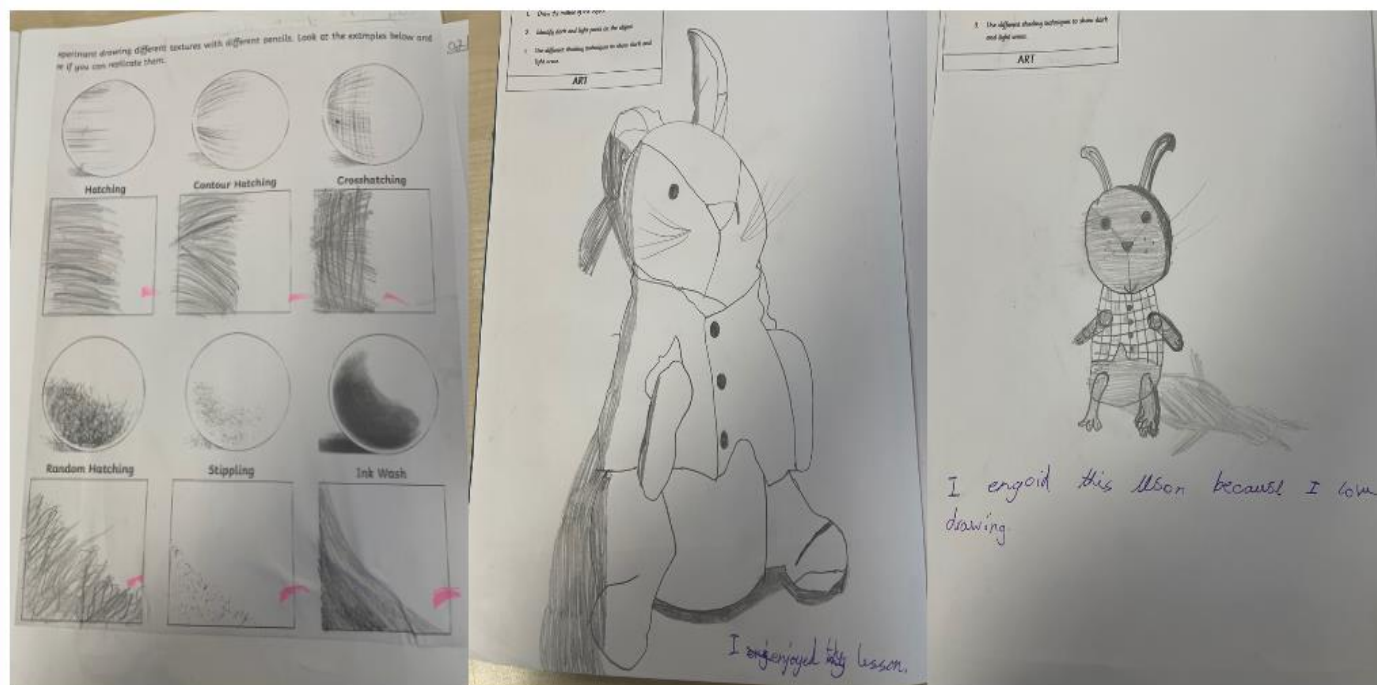

In Religious Education, Year 3 have been learning about Hinduism and created these beautiful rangoli patterns.

In English, Year 5 pupils were in the role of the young god Prometheus and created human beings from clay.

Year 4 have been learning how to shade and creating light and shadow. Here are some wonderful examples of their work.

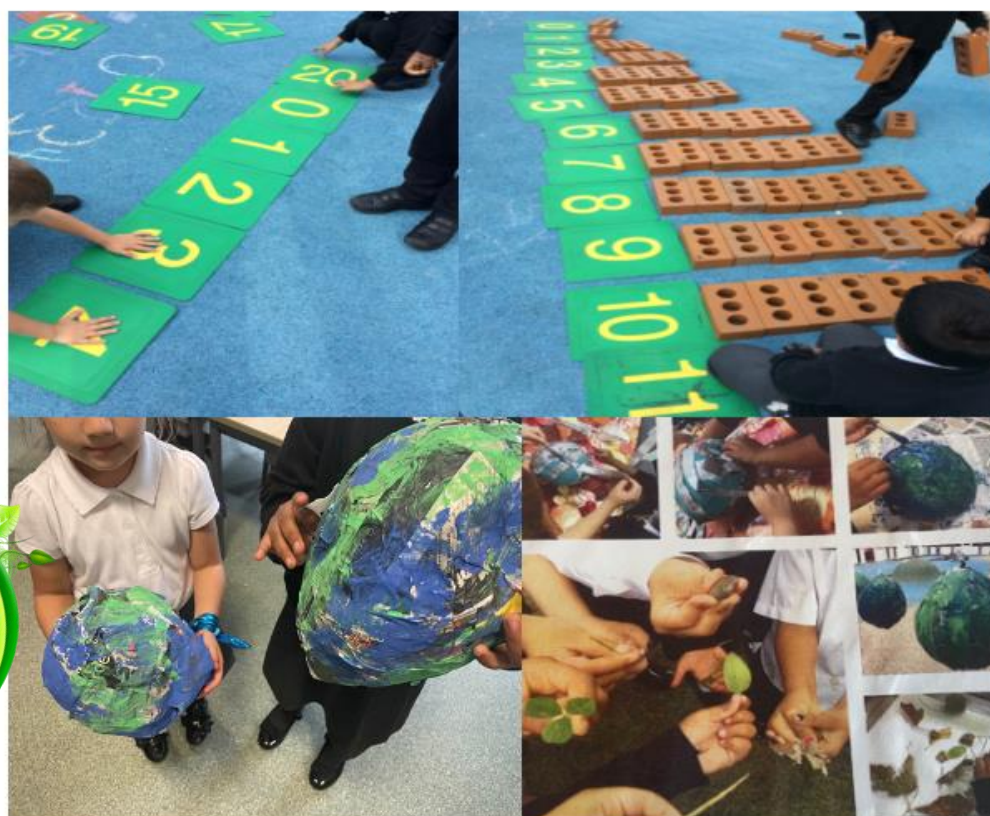

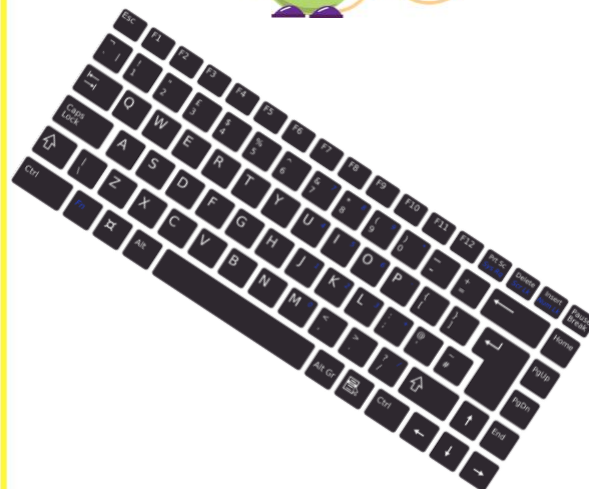

In History and Art, Year 6 children are learning about WW1 and WW2. They have been studying art work by war artist, Paul Nash. They created their own landscape art using his technique and water colours.

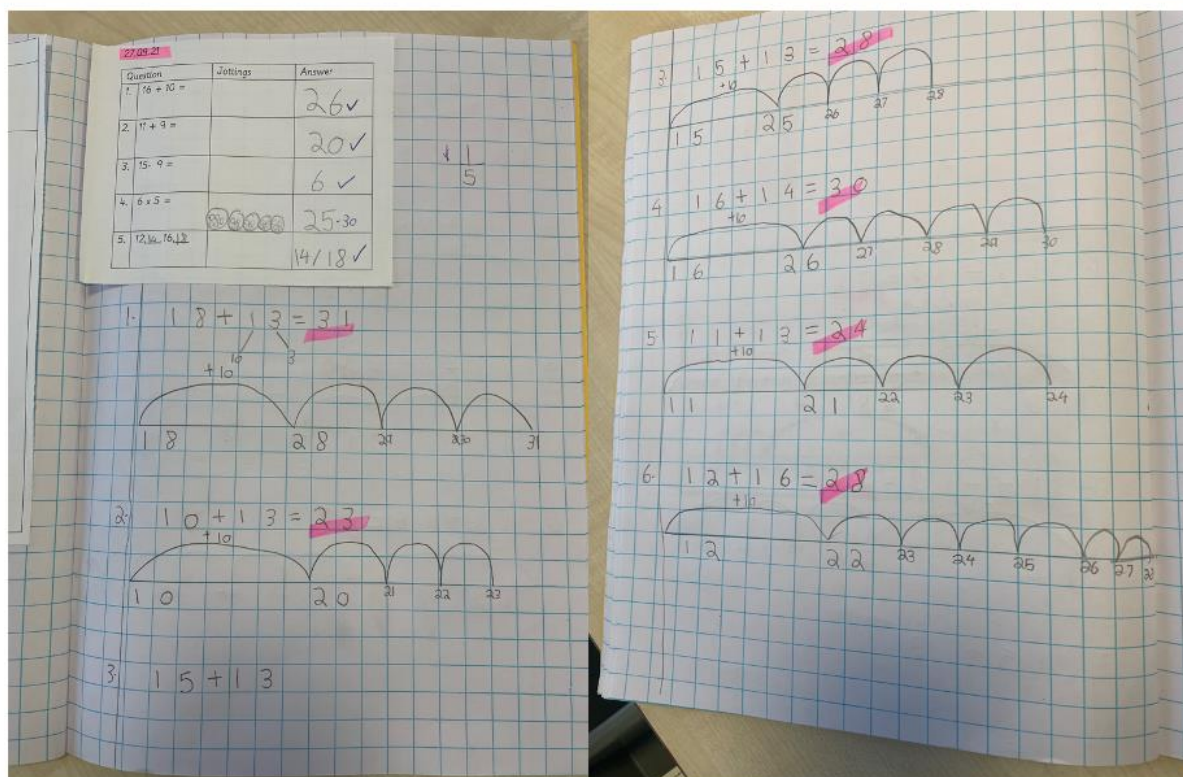

We are learning to type

In Computing, Year 6 pupils have been learning about input and output devices. They are now using BBC Dance mat typing to learn to type.

In Maths, our very clever Year 1 pupils have been learning to count to 10. They have also been very creative in RE, by making globes. The globes represent how Christians behave towards nature and environment.

Year 2 are becoming keen mathematicians. They have been learning to add using number lines. Look at the fantastic work in the above photo.

Try and solve the following riddles:

Q: What gets wetter the more it dries?

Q: A cowboy rode into town on Friday. He stayed in town for three days and rode out on Friday. How was that possible?
