Tuesday 7th September 2022

Dear parents / carers,

I hope you and your family had an enjoyable summer. It has been great to see your children returning to school excited and ready to learn.

School Improvements

I am delighted to share with you that over the summer holidays we have had some major school improvements:

- **Main Playground** - The hill area has been removed and large areas of the playground have been resurfaced, providing the children with more space to play.
- **EYFS Playground** - New canopies have been installed to give the children a larger area to play outside, providing both shelter and shade.
- **Dining Hall** - The hall has been repainted and decorated with inspiring artwork to support the children to understand the impact of global warming and the importance of recycling.
- **Boilers** - We have had new boilers installed across the school to ensure we have improved heating when winter arrives.

Boosters

If your child's teacher has allocated them a place at a booster class they will be contacting you this week. Please do not send your child unless you have been contacted.

Sports Clubs

Information will be sent out shortly about the sports clubs we are able to offer this term. Please ensure you apply and make the necessary payment by the deadline given so that your child can attend.

Meet the teacher meetings

Please check Class Dojo for information about our meet the teacher meetings for children in years 2-6, which will take place after school. This will be an opportunity for you to meet your child's teacher and find out key information. (Reception and Year 1 parents met with the class teachers in July).

Best Wishes

Shepherd
