

# Family Learning Free Workshops

## Saturday 22<sup>nd</sup> October 2022 – Dagenham Parsloes Site-

**Making Your Own Candle Holder**  
**Course Number: 6711CPS**  
**Time: 9:30-11:00**

Explore your child's creativity by joining this fun workshop. Design, create and paint your own clay tea-light holder. Working with clay promotes creativity.

It is especially beneficial to young people – it helps promote self-confidence, encourages self-expression, and develops English language skills.

**Art Fireworks for all age**  
**Course Number: 6712CP**  
**Time: 11:15-12:45**

Come and celebrate fire works with us. You and your child will be creating your own art fireworks using hand prints or scratch art depending on the age of your child

This will provide a fantastic opportunity for children to discover the enjoyment of learning and creating in a relaxed environment and to help stimulate their imaginations.

**Online Safety Workshop**  
**Course Number: 6611CPS**  
**Time: 9:30-11:00**

As children get older, they will be using their own electronic devices. They will start to be curious about having their own social media accounts such as Facebook, Instagram, TikTok....

How can you protect your child when accessing these platforms? What are the risks?

A very useful session for supporting families to understand social media.
